2024–2025	**MSc in Behavioural Science**, London School of Economics and Political Science (LSE) Distinction
2019–2024	**BSc in Economics**, University of Cologne Distinction (1.0), Ranked 1st of 200+

Research in Progress

Narratives and Stem Cell Donor Availability: A Megastudy
with Michael Haylock, Patrick Kampkötter, Mario Macis, Yero Ndiaye, Axel Ockenfels, and Daniel Wiesen
Large-scale field experiment with registered stem-cell donors ($N = 59{,}368$), conducted with DKMS, studying whether brief narratives can increase donor availability when donors are matched to real patients.

Choice Architecture, Sorting, and Availability of Stem Cell Donors
with Patrick Kampkötter, Yero Ndiaye, Axel Ockenfels, and Daniel Wiesen
Large-scale field experiment with DKMS across 257 schools ($N = 58{,}160$) studying how recruitment design affects donor registration, selection into the donor pool, and subsequent availability.

Belief Formation in the Age of Generative AI
with Ingar Haaland, and Chris Roth
Review connecting classic questions in information economics and persuasion with emerging evidence on how generative AI improves or distorts belief formation.

Presentations and Refereeing

Refereeing	*Journal of the European Economic Association (JEEA)*
2026	Advances with Field Experiments (University of Chicago), EuHEA Conference, KCL x LSE Aldwych Behavioural Collaboration Workshop

Research Experience

2025–	**Research Assistant, Chris Roth** ERC-funded research project
2023–2024	**Research Assistant, Axel Ockenfels**

Teaching Experience
